

Ready when you are.

# M Public Computer Security Cabinet I

Art No: 7 350 073 731 275

The M Public Computer Security Cabinet I protects your laptop, iPad or other device from theft and prying fingers. Just slip your unit into the sturdy, steel Cabinet from Multibrackets and lock it up. Foam protect your computer from scratching and jarring. You can mount this innovative cabinet almost anywhere, under the desk, on a wall, in a closet, or in a class room. The ca-

binet includes all mounting hardware and a template. In addition to the heavy duty security lock (two keys included), a steel lip prevents the cabinet from being pried open.

The M Public Computer Security Cabinet I has the inner measures 490x39x60 mm and holds most notebooks up to 17"
